

MIRO TILEX

Powerful Cleaning for Tiles and Stone Surfaces

MIRO TILEX is a powerful, acid-based solution specially formulated for deep cleaning of tiles and stone surfaces. Ideal for removing grout haze, adhesive residues, hard water stains, rust, cement film, and stubborn dirt, it restores the natural shine of your surfaces while being safe for most acid-resistant tiles and stones.

FEATURES & BENEFITS

- **Efficient Cleaning:** Fast-acting formula tackles grout, adhesive haze, and tough stains quickly.
- **Surface Safe:** Carefully formulated to clean tiles and acid-resistant stones without damaging surfaces.
- **Deep Penetration:** Reaches deep into tile pores and grout lines for complete residue removal.
- **User-Friendly:** Easy to use, dilute as needed for regular or heavy-duty cleaning.
- **Protects Surfaces:** Non-corrosive on approved surfaces; restores original appearance.
- **Multipurpose Use:** Suitable for floors, walls, kitchens, bathrooms, and commercial areas.

RECOMMENDED USES

- **Surface Types:** Ceramic, vitrified, glazed, and unglazed tiles, glass tile, porcelain, natural stones (acid-resistant only), mosaic tiles.
- **Applications:** Interior and exterior surfaces, residential and commercial cleaning, post-construction cleaning, and removal of cement and epoxy residues.

HOW TO USE

- **Preparation:** Clear the surface of loose dust and debris.
- **Dilution:** Light Cleaning: Mix 1 part cleaner with 4 parts water.
- **Heavy Stains:** Use undiluted or as directed.
- **Application:** Apply the solution evenly; leave it for 1–5 minutes.
- **Scrub:** Use a stiff brush or pad for scrubbing.
- **Rinse:** Rinse thoroughly with clean water and mop dry.
- **Test First:** Always test on a small, inconspicuous area before full application.

SAFETY GUIDELINES

- Use only on acid-resistant surfaces.
- Do not use on marble, limestone, terrazzo, or metallic surfaces.
- Wear gloves and protective eyewear during use.
- Ensure proper ventilation during cleaning.

PACKAGING AVAILABLE: 1L

Shelf Life: Up to 24 months if stored in cool, dry conditions.

Appearance: Wine Pink **pH** <2 (strongly acidic) **Coverage** Up to 10–15 m² per liter (depending on use).

Fragrance Fresh/Neutral **Storage:** Cool, dry place away from direct sunlight
